

Cereal Box City

Materials needed:

- Different size food boxes, such as cereal or crackers
- Toilet paper tubes, paper towel tubes, grocery bags.

Directions:

1. Cover boxes with grocery bags or any type of construction paper.
2. Have children draw doors, windows, etc. on the boxes.
3. They could make a store, a house, a mall, etc. Let their imaginations run wild.
4. Have an adult cut the door on three sides so that it opens. This can also be done for the windows if you want them open.

This is great for little ones.
