

Collages

A Collage is a poster with many pictures overlapping usually about a topic or theme.

You will need:

- Paper or poster board
- Glue
- Magazines
- Scissors
- Pencils, crayons or markers

Step one: Decide on a theme:

Ideas:

- About me
- Sports
- Favorite foods
- Favorite music groups
- Hobbies
- Family
- Rainforest, oceans, dinosaurs, deserts etc.
- Countries, states
- Weather

Step Two: Use your magazines and cut out pictures that go along with your theme.

Step Three:

- Place the picture on the poster board or paper to get an idea where you want them. Leave space for a title.
- Glue one piece at a time. Overlap the edges.
- Cover the paper... you can leave some blank spaces.

Step Four:

- Write your title and color.
- In the other blank space write words that go along with your theme.

Congratulations! You are finished!
