Spotted Easter Eggs

What you will need:

Boiled eggs
Paper towels
Alcohol inks in desired colors
Toilet paper tubes
Scissors
Newspapers or wax paper
Shampoo (the cheaper the better)

1. Cover working area with newspapers or wax paper.
2. Dry eggs thoroughly with paper towels.
3. Open alcohol ink and drop single drops on eggs in random fashion. Use one or more colors on egg. Let dry.
4. Cut toilet paper tube to desired height.
5. Drop single drops of alcohol ink on toilet paper tube and let dry.
6. Stand egg up on decorated toilet paper tube.
7. Wash hands with shampoo. The cheaper shampoos seem to be more effective at cleaning hands.

Note: Please make sure to refrigerate eggs promptly if planning on consuming at a later time. Refer to your cookbook for cooking instructions and freshness of eggs.
