

Money Umbrella

For that hard to buy for teenager, or for anyone you give money to as a gift, this is a cute idea.

Materials Needed:

- Umbrella (one with a regular handle that does not collapse)
- String
- Yarn
- Ribbon or fishing line
- Money

Directions:

1. Fold money (separately) fan style back and forth
2. Tie a string around the middle of the folded bill and tie the other end to the inside wire of the umbrella.
3. Keep doing that until you have money hanging from all the wires.
4. Close umbrella and make sure none of the bills are showing. If they are, adjust the length of the string or ribbon.

When the recipient receives this gift, they will think "what kind of a gift is an umbrella," but wait until they open it.

You could even hang a card inside saying "Save it for a rainy day."

For children, use Barbie umbrellas or kiddy play umbrellas.
