

**Partenaire A**--You and your partner are working on a data base for a dating service. You'd like to know more about some of the people below. After describing the person for whom you have no information but a picture, your partner provides you with the name, age and where the person is from. Based on the descriptions he/she gives, you fill in the blanks, then provide your partner with similar information for his files.

Use *avoir l'air* to describe each person. (elle a l'air sympa/ malade....)
