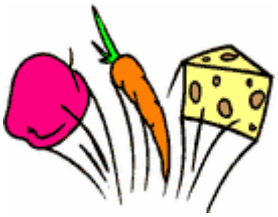
Food Similes



Similes compare two things by using the words **like** or **as**. Make a list of things you think about food. Write some similes about food using these words.

Here are some examples:

The meat was **as** tender **as** a smile.
The juice squirted from the orange **like** an ocean spray.

One way to make writing similes easy is to think about your five senses. Maybe the food you're describing sounds like a sizzle or smells like something from the garbage. What does the food you want to describe **sound, smell, taste, feel,** or **look** like? Brainstorm some similes below.

_____
