

HANDY LILIES

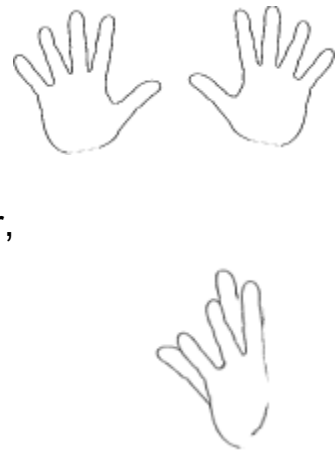

You will need:

- white paper
- a pencil
- green pipe cleaners

Directions:

1. Trace both hands on the white paper.
2. Cut out the pattern of your hands.
3. Fold the hand pattern into a "cone" by connecting the thumb and the baby finger, and glue or staple the ends together.
4. Attach each cone to a pipe cleaner.
5. Gently fold back the fingertips to make "petals".

Make twelve for a "dozen lilies" bouquet! These are lovely for Mother's Day, Easter, spring, etc.
