

Name _____ Date _____

Mrs. Owens was making Thanksgiving dinner for 10 people. She had to make pumpkin pies. Each pie had 8 pieces. Everyone loved her pies so much that each person wanted 2 pieces! How many pies would Mrs. Owens have to make? Would she have any pie left over?

Draw a picture to help you figure out the problem. When you are finished, explain how you got your answer.

Answer _____ Any leftovers? _____

I got my answer by

Mrs. Kemsley's family always travels to a relative's farm on Thanksgiving. It takes one hour and 35 minutes to get there. How much time will her family have to travel on Thanksgiving?
(Hint: They have to go home that day, too!)

Use the space below to help you figure out your answer. Write your answer and tell how you solved the problem.

Answer _____
